<b>IV.</b>	<b>New or Substantive Program Changes, New Courses, and Course Disciplines</b>				
	TMC AA-T Geography	There are several concerns about the grouping of courses as well as some new unprocessed courses in the degree. Remove GEOG 16 and GEOG 11 as they are not CSU transferable. It is recommended that the department be contacted to address these issues and move it to the Academic Senate Agenda.			
	Music Family Information and Ensemble Repeatability	Families are for courses that are not repeatable. It was established that the two families are not necessary because the courses are repeatable at CSU. <b>The repeatability memo is approved as consent Item to Academic Senate.</b>			
<b>V.</b>	<b>4-Year Review Course List for AS Consent Agenda</b>				
<b>VI.</b>	<b>Items for Discussion or Action</b>				
	CHILD 10 and CHLD 10H current title: Child Growth and Development - M. Grimes-Hillman	Last year the Child Development Department created the new title "Child Growth and Development" for CHLD 10 and 10H. These courses are lifespan courses and the title should reflect the course content. The department has not responded to the recommendations of EDC. Curriculum liaisons have been trying to get a response without success. The title change should not affect articulation since the content is not being changed. If the title changes CSU might request the review of the COR. Is misleading for the students when they end up with two Child Development courses on their transcripts instead of one Child Development course and one Lifespan course. <b>It is recommended that administrator be contacted regarding the concern on the course title.</b>
