Absent: Jemma Blake-Judd, James Ocampo

MINUTES

- The minutes from our last meeting were approved.
- Jason indicated that the Outcomes Committee's suggested Academic Senate resolution on outcomes assessment is going to the next AS Executive meeting.
- Jason has spoken with some other colleges about their outcomes work and will speak with a few more shortly. He also spoke with some Mt. SAC people to get an understanding of the past practices/workings at the college. The committee also suggested that he speak with Eric K. to get his listing of schools in the east that might provide a different perspective on how to engage faculty in the process more.
- Numerous committee members will be attending the April 29th campus-wide meeting. Jason will be attending the GEO meeting to get an understanding of how faculty members are engaging with assessment data as a group.
