MINUTES (Dec 6, 2011)

- Review Boot Camp event
 - Uniformly positive evaluations; attendees stayed longer than anticipated; need more opportunities like this for the future.
- Review joint IEC/OC meeting
 - Pressing demands of accreditation seemed to eclipse the need for quality assessment; “just do it” and improve later seems contrary to the desires of our committee.
 - Committee needs to focus on quality and meaningfulness of the process; the administration is the body to enforce compliance.
 - Solene plans to form a subcommittee for her area to assist with SLOs.
 - Need a consistent message for assessment so that we are all using the same terms and have the same focus.
- Review “paper option” for PIE
 - The committee reviewed the “paper option” PIE and made suggestions to the IEC.
- Review and celebrate accomplishments for Fall 2011!
 - The committee is pleased with the work from the fall and has prepared a page highlighting the goals achieved, as well as plans for spring 2012.
