

Much like the cohort tracking included in the CCCCCO Scorecard, Mt. SAC assesses transfer and completion rates for cohorts of students. Cohort rates are available for completion (31.7%) and Transfer (4.7%).

| Mt. SAC Transfer and Completion Rates |               |                 |
|---------------------------------------|---------------|-----------------|
| Cohort                                | Transfer Rate | Completion Rate |
| Fall 2000                             | 21.40%        | 38.00%          |
| Fall 2001                             | 20.20%        | 38.60%          |
| Fall 2002                             | 28.70%        | 38.60%          |
| Fall 2003                             | 16.90%        | 41.20%          |
| Fall 2004                             | 22.60%        | 28.40%          |
| Fall 2005                             | 16.80%        | 26.60%          |
| Fall 2006                             | 16.60%        | 27.80%          |
| Fall 2007                             | 15.40%        | 26.20%          |
| Fall 2008                             | 11.70%        | 24.80%          |
| Fall 2009                             | 10.00%        | 31.40%          |
| Fall 2010                             | 8.80%         | 28.90%          |
| Fall 2011                             | 10.30%        | 31.00%          |
| Fall 2012                             | 4.70%         | 31.70%          |
