

Need Help With CANVAS?

Online Virtual Classes

3 modes:

- Synchronous (class meets at specific days/times but online)
- Asynchronous (class is completely online—student logs on and reads/submits assignments/takes tests all online at their own time)
- Hybrid: parts of the class are in person, parts of the class are online

CANVAS: what it is, how it works – both for online and in person classes. How to understand Canvas – where to go to find your online classes.
