

Go to "One World Vegetarian Cuisine" restaurant in West Covina 178 S. Glendora AVE. (626) 917-2727. You must turn in a picture of you in front of the restaurant and you must turn in your receipt. Order a vegetarian dish (you can have anything you want...my personal favorites are 1) Garlic Beef Balls and 2) Chicken Nuggets). Answer these questions 1) Describe what you ate and how it compares to eating something made out of meat. 2) Why am I offering this assignment as extra-credit? 3) What is environmentally good about being a vegetarian? How does being a vegetarian related to the second law of thermodynamics?
