

Grade Point Average Calculation
Resolution 2010-02

Whereas, the Academic Senate is the organization whose primary function is to make recommendations with respect to academic and professional matters (Title 5, 53200) and is primarily relied upon for curriculum and instruction, for grading policies, for student preparation and success, and for degree and certificate requirements (Board Policy 3255); and,

Whereas, the requirements for associate's level degrees currently include "***A Mt. San Antonio College "degree" total grade point average, and "all college" total grade point average of 2.0***"; and,

Whereas, the Residency Requirement for Mt. San Antonio College can be met by twelve [12] units in residence and enrollment, thus limiting the utility of GPA determinations using only the courses taken at Mt. SAC ;

Resolved, the Academic Senate recommends that all transcripts provided by the College include a "Mt. SAC degree applicable grade point average" calculated from the grades and unit values in all graded degree applicable courses taken from Mt. SAC; and,

Resolved, the Academic Senate recommends that all transcripts provided by the College include an "all college degree applicable grade point average" calculated from the grades and unit values in all graded degree applicable courses taken from accredited colleges; and,

Resolved, the Academic Senate recommends these GPA calculations be implemented as part of the DegreeWorks implementation.

Student Preparation and Success Council
