

# Mt. SAC 2018 Educational and Facilities Master Plan MEASURES OF SUCCESS

a ten-year projection + plan  
**Master Plan Steering Task Force**

What are your ideas about innovative facilities?

**What are your ideas about innovative facilities?**

- We're concerned about having enough SEATS
- We need Flexible Spaces to Gather "An Empty Box!"
- Maker Space + Student run cafe + innovation b2
- Places for students outside of classrooms
- Safe • Efficient • Adaptable • Parking • Lighting • Security
- Embedded Student Services ... integrated with instruction
- Open Space
- Lots of Light
- Connections
- Regenerative + MultiUse w/Plantings
- Universal Design w/an eye towards the future.
- Maintenance Support for new facilities
- Satellite IT Support
- Are we looking at examples of other schools?
- We need a Village atmosphere
- How do we cope with scheduling classrooms
- Simulated Workspace
- Low ENVIRONMENTAL IMPACTS + operating Costs
- Make our INFRASTRUCTURE adaptable.
- We need PARKING desperately.
- Let's look at the Big Picture
- We need to look at the Big Picture

Participants: CAROLYN, BRETT, JANA, SUZANNE, MARTIN, FAVAZ, LONIA, KAREN, MIRIAM, CARLOS, PS, IRENE, AUDREY, ALYSON, GENDO, KAREN, JONATHAN, BRUCE, MARK, DAHLIA, MADELYN, JEFF, HANNA, TAMIRA, MIKA, LAURIE, CHISA, GRACE, BILL, SARY, RUBEEN, TOM, COON, EVA, SHERYL, HMC, SANDY, HMC, JILL, TECH SVCS, DAVE, POLICE, MARK, KIM, WP, JOE, KIM, WIN.

This is the beginning of an important opportunity for all of us. Your VOICE and WATCHFULNESS matters

The Ed Plan lays the FOUNDATION. Facilities will follow. It will help us make decisions.

Engagement with Data is Critical  
 Look out of the box ... are there new ways to focus on student success?

We're looking for links between Education Plan, needs, and Facilities

This is Data driven and Qualitative  
 We'll look to Best Practices from other campuses.

What's happening in our community? How do we meet those needs?

When scheduling with Faculty, look at non-peak instruction hours.  
 At 2nd ROUND maybe possibility for "PROP-IN" Interviews.

★ COMMUNITY COMMUNICATIONS for Input and sharing information

★ There will be NO SURPRISES

★ Opinions and HEARD and VALUED No Complaints!

★ LOTS OF INPUT and FEEDBACK

★ Does every line SERVE our STUDENTS?

★ A Campus CONCEPT for all

★ Is it FLEXIBLE ENOUGH to adapt and change?

★ Addresses all the ways we want to TEACH and LEARN

★ Represents Our After 5pm Community Adjuncts, Saturdays and Sundays too.

★ Is it FEASIBLE and REALISTIC? Priority is built in: Long-term Sustainability

★ INCLUDES ALL RELEVANT THINGS

★ ALL HOURS + ALL USERS

★ United and Meets Unique Needs

★ Commitment to Permanent Structures... IT'S ABOUT EQUITY

★ Students feel like they BELONG

★ INCLUDE CO-CURRICULAR PROGRAMS that aren't typical classes

★ FACTORS ECONOMIC HEALTH and GROWTH Participation Rates + Age Labor Market

## NEXT STEPS

- "EDUCATIONAL M.P."
- "1-PAGE" PLANS captures each discipline's needs
- DATA PORTFOLIO brings in demographics, trends, and space
- FACILITIES MASTER PLAN Plans to make space available to meet needs
