RE: Equitable Placement (AB 705) ESL Adoption Plan Submission

Given the COVID-19 emergency, the AB 705 ESL adoption plans originally due July 1, 2020 were extended to July 1, 2021 (reference memorandum [ES 20-24 Emergency Guidance for AB 705 Implementation](#)). This guidance memorandum provides details on how to submit those adoption plans. Enclosed you will find materials created by the ESL AB 705 Implementation Workgroup, whom we sincerely thank for their partnership and dedication to this effort:

- ESL Adoption Plan Form
- Adoption Plan Glossary of Terms

As we continue to work toward fulfillment of the *Vision for Success* and the equity *Call to Action*, effective implementation of Assembly Bill 705 (AB 705) is essential and remains an important priority for the Board of Governors and all California Community Colleges. As a reminder, under title 5, §55522.5 *English as a Second Language Placement and Assessment*, ESL students with a goal of transfer to a four-year institution or an associate degree should enter and complete a transfer-level English composition course or an ESL course equivalent to transfer-level English composition within a three-year timeframe of declaring a transfer- or degree-seeking goal. Adoption plans should explain the placement method, the evidence to be collected, and why the college/district believes it will be effective.

Per title 5, §55522.5 (b)(2), students who have acquired a United States high school diploma or the equivalent should be placed according to §55522. Therefore, colleges'/districts' adoption planning and implementation will primarily focus on ESL students without a U.S. high school diploma or U.S. high school data (e.g., international students, adult immigrants, refugees, and F1 Visa students). Colleges should collect and review evidence on the effectiveness of their ESL placement including student completion of degree or transfer requirements in English (or equivalent ESL courses) via their campus research offices and make the data available to ESL departments for the purpose of determining the best placement options for credit ESL, consistent with title 5, §55512.

AB 705 ESL Adoption Plan Submission

February 3, 2021

While local practices may have been in flux over the past year, this is a long-term (2-year) plan starting fall 2021 of how you will assess, place and support your ESL students. This is not a report of what you have done in the past or how practices have shifted during COVID. That said, colleges/districts should glean from lessons learned during COVID about establishing flexible processes and procedures given the uncertainty of the pandemic and other yet unknown emergencies that could arise.

As we work together to fulfill these regulatory mandates, the goal is to engage in a cycle of continuous inquiry and improvement. We have undergone a significant system-wide transformation in practice, and implementing with fidelity requires we self-assess and amend our practices as needed. As you implement, you will likely glean from lessons learned and shift practices to best serve students. That innovation is allowed and encouraged. Within two-years of fall 2021 implementation, the Chancellor's Office will provide a data template for validation of those innovations and practices.

(a) Scope and Intent	
<p>(1) Instruction in credit English as a Second Language (ESL) is distinct from remediation in English.</p> <p>(2) Students enrolled in ESL coursework are foreign language learners who require additional language training in English, require support to successfully complete degree and transfer requirements in English, or require both.</p>	<ul style="list-style-type: none"> • Does local implementation affirm ESL courses and instruction as distinct from remedial/developmental English? • Does local implementation affirm ESL students as foreign language learners?
<p>(3) ESL students with a goal of transfer to a four-year institution or an associate degree should enter and complete a transfer-level English composition course or an ESL course equivalent to transfer-level English within a three-year timeframe of declaring a transfer- or degree-seeking goal.</p>	<ul style="list-style-type: none"> • Do local ESL placement sequences align with this goal? • Has a plan and process been established to disaggregate data to identify educational goals of degree or transfer for students enrolled in credit ESL courses? • Has a plan and process been established to track and report on student placement and throughput?
<p>(4) Credit ESL placement methods should minimize disproportionate impacts on students.</p>	<ul style="list-style-type: none"> • Has a plan and process been established to disaggregate data to examine disproportionate impact on students enrolled in credit ESL courses?
(b) Placement Methods	
<p>(1) Districts shall place students who are English language learners using evidence based multiple measures from the placement methods for ESL identified below:</p> <p>(A) Any Chancellor's Office ESL placement method published by the Chancellor's Office to implement Education Code §78213;</p> <p>(B) An evidence-based district placement method collected from local research using high school performance data, including self-reported high school performance data;</p> <p>(C) A district placement method based upon guided placement, including self-placement; or</p> <p>(D) Methods based on articulation agreements between the district and partners as defined in §55003.</p>	<ul style="list-style-type: none"> • Are one of these placement methods for credit ESL being used? <p>(3) Placement methods authorized by this section shall be designed to maximize the probability that transfer- or degree-seeking students enrolled in credit ESL will enter and complete a transfer-level English composition or an equivalent ESL course within a three-year timeframe.</p>	<ul style="list-style-type: none"> • Are placement methods designed to maximize the probability of completion of transfer-level English composition (TLC) or an ESL course equivalent to TLC within a three-year timeframe? • Has a plan and process been established to validate the placement methods being used?

<p>(4) Districts adopting a district placement method under subparagraph (b)(1)(B) or (b)(1)(C) shall, by July 1, 2020 [extended to 2021], provide an adoption plan on a form prescribed by the Chancellor, explaining the placement method, the evidence to be collected, and why the district believes it will be effective. Within two years of the adoption of a district placement method, the district shall report to the Chancellor on the method's efficacy. The Chancellor may order the district to relinquish the district placement method and adopt a placement method published by the Chancellor's Office under either of the following circumstances:</p>	<ul style="list-style-type: none"> • Has a plan and process been established to complete and submit the local ESL adoption plan to the CO by July 1, 2021? • Has a plan and process been established to validate the district placement method?

Glossary of Terms

Advisory on Recommended Preparation: A condition of enrollment that a student is advised, but not required, to meet before or in conjunction with enrollment in a course or educational program (§55000).

Assessment: The process of gathering information about a student regarding the student's study skills, English language proficiency, computational skills, aptitudes, goals, learning skills, career aspirations, academic performance, and need for special services.

Assessment methods may include, but not necessarily be limited to, interviews, standardized tests, attitude surveys, vocational or career aptitude and interest inventories, high school or postsecondary transcripts, specialized certificates or licenses, educational histories, and other measures of performance (Section 2 (e)).

Corequisite: A condition of enrollment consisting of a course that a student is required to simultaneously take in order to enroll in another course (§55000).

Combined prerequisite and transfer course in one term with no additional units: A course were prerequisite (e.g. intermediate algebra) course content is combined with a transfer-level course (e.g. precalculus) and the student is able to complete both (e.g. intermediate algebra and precalculus) in the same term and usually receives a single grade, and the transfer-level course has no additional units added (e.g. the course continues to be scheduled for 4 units, the same as previously).

Combined prerequisite and transfer course in one term with additional units: A course were content from a prerequisite course (e.g. intermediate algebra) is combined with a transfer-level course (e.g. precalculus) and the student is able to complete both in the same term (e.g. intermediate algebra and precalculus) and usually receives a single course grade. This combined course has a higher number of units than the transfer-level course without the included prerequisite content (e.g. 4 units for the combined course rather than 3 units for the standalone precalculus course). Course may need to be rearticulated. In addition, not all units may transfer.

Course & linked credit corequisite support: A course (e.g. transfer-level course) with a corequisite course (additional support for the transfer-level course) that is linked together in the college's course registration system (i.e. if a student enrolls in one, they are automatically enrolled in the other and if they drop one, they are dropped from both).

Course & unlinked credit corequisite support: A course (e.g. transfer-level course) and a corequisite support course (additional support for the transfer-level course) that are not

linked together (i.e. a student must enroll in two separate sections and if they drop the course, they need to drop both sections separately).

Course & noncredit corequisite support: A course (e.g. transfer-level course) and a noncredit corequisite support course (additional support for the transfer-level course offered as noncredit).

Default Placement Rules: The placement method laid out in [AA 18-40](#) providing guidance for the use of high school GPA to place students who graduated from a US high school.

HSGPA \geq 2.6 Success rate = 78.6% Transfer-Level English Composition

No additional academic or concurrent support required

HSGPA 1.9 - 2.6 Success rate = 57.7% Transfer-Level English Composition

Additional academic and concurrent support recommended

HSGPA $<$ 1.9 Success rate = 42.6% Transfer-Level English Composition

Additional academic and concurrent support strongly recommended.

Embedded support: Student supports provided within the course such as a tutor or counselor that is part of the course, so students receive the service as part of their enrollment in the section.

Enrollment: A course is considered to occur when a student receives an evaluative or non-evaluative symbol pursuant to §55023 in a credit course (§55000) and is designed to capture the number of distinct students enrolled in a course or a course level at census. If end of term enrollment, this should include withdraws (EW and W grades) as enrollment in the course.

Guided Placement: A process or tool used to encourage a student to reflect on their academic history and educational goals that may include the student evaluating their familiarity and comfort with topics in English or mathematics. After completing the process, students will receive their course placement.

Self-Placement:

A process in which a student chooses their placement after consideration of some form of self-reflection and other relevant factors.

Multiple Measures: The incorporation of two or more independent criteria for the placement of students, such as:

- Overall high school performance (e.g., HSGPA) or previous college performance
- Highest level of coursework completed in a subject area and corresponding course grade
- Attitude surveys

- Vocational or career aptitude interest inventories
- Specialized certificates or licenses
- Education and employment histories
- Military training and experience
- Interviews
- Holistic scoring process

Onboarding: A process of orienting a student to the college, the programs and the courses offered. The process often includes collection of information from the student about the student's educational and career goals, elements of the student's life that may affect their academic outcomes, and additional information about the student's educational and life experiences that will inform and assist the student to choose appropriate courses.

Placement: The use of validated assessment measures to specify the highest course or courses a student is eligible to enroll in and recommendations about supports to successfully complete that course.

Prerequisite: A condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or educational program (\$55000).

Self-Assessment Survey: A process or a tool used to encourage a student to reflect on their academic history and educational goals that may include the student evaluating their familiarity and comfort with the topic of English. Survey results may culminate in course recommendations, but not placement. This survey may be part of the college's student onboarding process.

Specialized tutoring assistance: Tutoring offered outside of class, usually at a tutoring center, that can be regular tutoring for which faculty customize supports for students to take, such as modules.
