INFORMATIONAL REPORTS

- English/Literature Professor and Department Chair **Gary Enke** and English/Literature Professor **John Brantingham** updated trustees on the Writer's Day program. The program was developed to encourage creative writing and the appreciation of current literature through a fiction and poetry reading series and a student contest. The program is being expanded this year to include a weekend writing retreat. This retreat gives students and community members the chance to become active members of the Los Angeles writing community by engaging in classes, workshops, and one-on-one meetings with several types of professionals.
- Student Services VP **Audrey Yamagata-Noji** provided an update on enrollment trends, stemming from tough economic times. She noted that despite reductions in class offerings, enrollment continues to increase. She tracked full-time student enrollment for Winter Session '07, '08, and '09 and noted enrollment increases for those terms: 9,966, 11,480, and 12,624 respectively for continuing students, and 471, 504, and 533 for first-time students respectively. Spring registration comparisons revealed a similar pattern: 19,783 (Spring '07 continuing students), 21,359 ('08), 21,522 ('09 with three weeks left of registration). Dr. Yamagata-Noji underscored the growing challenge of meeting student demand with shrinking resources.
- Administrative Services VP **Mike Gregoryk** noted that the state budget issue was still unresolved, but he expected some resolution within weeks. Even without immediate resolution, he said that Mt. SAC was better situated financially than several college districts and had enough cash flow to meet payroll through March. Gregoryk commended the board for its vision and long-standing policy of maintaining sufficient reserves. He also informed the trustees that the Congress had just passed an economic stimulus bill that, among many things, would provide funding to community colleges for programs and facilities.
- Technology & Health Dean **Sarah Daum** and Aircraft Maintenance Professor **Bob Burton** gave a presentation regarding the gift of a \$1-million jet, which will be used for instructional purposes at Mt. SAC. They commended Mt. SAC Foundation Interim Executive Director **Richard Morley** for his key role in securing the donation. President Nixon mused that he would not be using the jet for traveling!
