Associated Students Report

*Presented by A.S. President Rene Jimenez
February 17th, 2016*

Greetings Members of the Board,

I hope everyone is well and ready for the upcoming spring semester. This semester we will have our regular spring calendar events along with a few I'd like to briefly mention. I would also like to mention the new Student Center and end with some concluding thoughts.

Mountie Mondays: Don't forget to wear Mountie colors and gear every Monday. Let's pick up the pace Mounties. Show school spirit!

Student Government Orientations: March (1st, 3rd, 8th, 10th, 15th, 17th and 20th)
3pm- 5pm, location 9C-5.

Join-A- Club: Tuesday March 8th – 10th
9am- 1pm, location- Kerr's Corner.

Disability Athletics Faire- Saturday April 2nd
8am -12pm, location- 27A.

Associated Students are excited to be apart of this new event on campus. This collaborative effort includes DSPS, the athletics department and other outside organizations. We plan to have a lot of fun events that include kayaking, lawn bowling and golf. Please save the date!

It's extremely exciting to see the initial planning and designing phase of the new student center go underway. On behalf of the students we would like to ask that there be two more ongoing planning committees. The first, for the Student Life Staff in order to get the staff's insight on how to better accommodate student life needs. The second will be for the 9C Student Center staff and student leaders for user input. I believe these will help us best fulfill the needs of our students and ensure quality and success.

Lastly, I look forward to this new semester. Sometimes life's struggles can come unexpectedly and it's important to appreciate the things we care about while we still can. In this room we have a group of individuals that truly care about our students and their future. Thank you all for your countless hours of sacrifice and determination. This is going to be a great semester.

Respectfully,

A.S. President
Rene Jimenez

**Academic Senate Report
to the Board of Trustees
February 17, 2016**

Full Senate Activity

The full Senate is on its winter break, and will not meet again until February 25.

Tenure Achievement

Congratulations to the 13 faculty members who have earned their tenure. This achievement is a milestone in their careers which validates the hard work of these professors. The evaluations by their peers, managers and students have been a part of this process. The process does not end here, of course, as the feedback from these groups will continue to guide and help develop our faculty further.

We hope to see all of the professors who earned a recommendation for employment for second and third contracts today meet this high standard, and receive our congratulations in the years to come.

Accreditation Institute

Faculty members Dan Smith and Martin Ramey will join Vice President Malmgren in attending the State Academic Senate's Accreditation Institute on February 19 and 20 in San Diego. The theme this year is "Peer Review: Collegiality, Collaboration, Optimism, and Excellence." The Mt. SAC attendees will focus on the actions necessary for accreditation in the current accreditation cycle, which culminates in the January 2017 site visit.

Flex Day

A full day of voluntary professional development activities has been scheduled for February 19. Sixteen workshops are planned which address the myriad changes we expect in the next year, and the various ways in which faculty can help students. We thank the President's office and the Faculty Association for providing breakfast and lunch for the faculty. We also wish to thank the tireless work of Jeff Archibald, Beta Meyer, Bao-Chi Nguyen, Cynthia Anderson, Lyssette Trejo-Espinoza, Lianne Greenlee, Stacey Gutierrez, Brenda Dial, Maria Cardenas, Laura Martinez, Vickie Moneghan, Carol Nelson and Denise Lindholm in organizing Flex Day.

Respectfully submitted,
Dan Smith

WHEREAS the Board of Trustees has not established any policy regarding firearms training, safety, or qualifications; and

WHEREAS the Board of Trustees has not established any standards of training employees designated as "police" as required by California Penal Code Section 832; and

WHEREAS the proposed job description definition includes language where the position will perform "the full range" of field and patrol work, which is not typical of a supervisor and would be a transfer of bargaining unit work; and

WHEREAS certain "essential functions" delineated in the proposed job description duplicate the essential work duties already in the classified service Public Safety Officer and/or Parking Officer Duties; and

WHEREAS the proposed job description includes language regarding "investigations" of incidents and Mt. SAC personnel which is the function and responsibility of Human Resources and not Public Safety, particularly since the department is not currently a legal "police department;" and

WHEREAS the proposed job description includes contradictory requirements, such as the requirement of the possession of a Peace Officer Standards and Training (POST) Basic Certificate and three years of progressively increasing responsibility in a POST certified agency in the "Qualifications" section, yet the "Education and Experience" section only requires "any combination of training and experience that would provide the required

knowledge, skills and abilities," but POST does not permit the substitution of "experience" for a Basic Certificate; and

WHEREAS the membership of CSEA Chapter 262 believe the proposed job classification of "Sergeant, Police/Public Safety" is premature for the above stated concerns as well as others,

BE IT THEREFORE RESOLVED that the leadership and membership of CSEA Chapter 262 respectfully request the proposed classification of "Sergeant, Police/Public Safety" be rejected as proposed and returned to Human Resources until such time as:

- the Board of Trustees has approved the appropriate Board Policies and Administrative Procedures that establish a police department,
- define the limitations and responsibilities for the use of deadly force,
- establish patrol and training policies and procedures for both classified management and non-management positions within Public Safety,
- establish firearms training and qualification policies and procedures,
- procure a means for completing background and psychology testing for anyone authorized to carry a firearm, use deadly force, or use defensive batons or chemical sprays or weapons;

BE IT FURTHER RESOLVED that CSEA 262 respectfully but emphatically request the Board of Trustees direct the District not to include work already included in the classified service of bargaining Unit A (CSEA 262) in the proposed "Sergeant, Police/Public Safety" (or any other non-bargaining unit) classification; and

BE IT FURTHER RESOLVED that CSEA 262 respectfully requests the District to provide the campus community with the documentation and plan for creating a police department and transitioning existing Public Safety staff into this police department through the appropriate governance process.

Approved at the regular Chapter Meeting on February 17, 2016.

Education Code Sections 38001.5, 72330, and 72330.5; Penal Code Section 832.3(g)

A campus safety plan shall be developed and provided to students in the form of a handbook or brochure.

The Mt. San Antonio College Public Safety Department has the authority to enforce the Student Discipline Code of Conduct and the State of California Penal Code under Education Code Section 72330. The Mt. San Antonio College Board of Trustees has established the Public Safety Department as a community college police department under Education Code Section 72330(a), which authorizes the governing board of a community college district to establish a community college police department under the supervision of a community college chief of police. Although a designated police department, the Mt. San Antonio College Public Safety Department has a memorandum of understanding mandated by the "Crime Awareness and Campus Safety Act of 1990," that the Los Angeles County Sheriff's Department has jurisdiction to investigate all crimes occurring on the Mt. San Antonio College campus.

The Mt. San Antonio College Public Safety Department is the liaison with the Los Angeles County Sheriff's Department and local police agencies including Federal and State law enforcement entities.

The Public Safety Department is responsible for the safety and security of all members of the College community. Every effort is made to inform students, faculty, administrators, and staff members of criminal activity or any other concern that may be an immediate threat to the safety and security of those on campus. Information and workshops on crime prevention are made available to College students, faculty, administrators, and staff members.

The Mt. San Antonio College's Chief Student Services Officer is the designated authority that enforces the Student Discipline Code of Conduct and has designated the Director, Public Safety to prepare, publish, and annually update mandated reports of all criminal occurrences that are reported to the Public Safety Department. This includes arrests for crimes that are committed on campus and that involve violence, hate violence, theft or destruction of property, illegal drugs or alcohol intoxication, and all occurrences of non-criminal acts of hate violence reported to campus authorities. A written report will be submitted to the Board of Trustees.

It is the responsibility of every member of the College community to act in ways that promote the safety of self, others, and the protection of College property. To ensure that the Public Safety Department officers are in a position to protect themselves and others in the event of a violent attack, it is directed that Public Safety officers be issued pepper spray and tactical batons after being properly trained and certified by the State of California Department of Consumer Affairs and Bureau of Security and Investigative Services. It is also directed that Parking Control officers be issued Pepper Spray.

Use of Pepper Spray

The only chemical spray authorized for use by members of the Public Safety Department is Oleoresin Capsicum (OC), also known as Pepper Spray. Pepper spray is a non-lethal weapon which may cause injury. Pepper spray may only be used when force is justified by law to: 1) incapacitate an individual who represents an immediate danger to the officer or other person; 2) overcome resistance to an apprehension; or 3) prevent the unlawful forcible entry to College property by persons who are not authorized and may cause immediate danger to persons.

Pepper spray shall only be used when it is likely that physical restraint alone would expose the officer or others to substantial risk of injury. Pepper spray shall not be used in any College building unless absolutely necessary to protect officers or others and not used as a means of threatening noncompliant students who are not following College policies.

Pepper spray may be used as a defensive or control weapon in those instances that threaten the safety of an officer or other person from sustaining injury or to subdue and arrest combative persons. Only the pepper spray issued by the Department of Public Safety shall be authorized.

Use of Baton

The baton is to be used in overcoming resistance to a lawful apprehension in defense of the officers or others. Only the batons authorized by the Department of Public Safety shall be used.

In all situations, officers shall use force only when necessary and fully justified by the circumstances. Officers shall use only that degree of force necessary to protect themselves and others from injury or to overcome resistance to their lawful authority.

At no time should a Public Safety officer strike any person with a baton in the area of the head, neck/throat, clavicle/collarbone, chest, kidneys/liver, spine, or the tailbone, as it would constitute the use of deadly force that is unauthorized by the District.

**Foundation Report to the Board of Trustees
February 17, 2016**

There has been a lot of activity with the Athletics Division this past month. Earlier this month we inducted another tremendous class into the Hall of Fame. Discussions about the next class of inductees have already started. Follow-up with the current class has begun including outreach from the Alumni Office. Establishing these relationships is critical to growing our alumni base as well as continuity within the Hall of Fame program.

The three million dollar campaign for Heritage Hall has picked up speed. We have worked closely with Athletics and Yen’s team in Marketing and Communications to develop materials that we’ll use in our solicitations. Visits have already started; Marc Ruh and I have secured close to 100K in new commitments in the last month. We have more visits in the coming weeks. Appropriately enough it was former Relays Director, Coach Don Ruh who signed the first gift agreement.

Marisa Fierro and I attended the Public Safety Advisory Committee meeting today. From our count, 40% of the people on the board are Mt. SAC alumni. It gives us great hope as we are building our alumni program. There are already a core group of people committing their time because they feel so strongly about Mt. SAC.

This Friday night, there will be a Men’s basketball alumni meet and greet. One of our former players, Serfie Taylor is hosting a reception for alumni at his office in Pasadena before the game tips off at 7pm. Serfie loved his experience at Mt. SAC and is eager to stay connected himself. He is encouraging others he knows to be as involved as he is.

Upcoming activities:

- Men’s Basketball Alumni Meet and Greet, Friday, February 19, 4pm
- Disability Athletics Faire, Saturday, April 2, 8-12pm
- Kepler dinner and lecture is right around the corner on Saturday, April 9. We will be welcoming Dr. Linda Spilker, Cassini mission scientist from JPL.
- 29th Annual Mt. SAC Foundation Golf Tournament, Friday, May 20
- Scholarship Ceremony, Saturday, June 4
