Do you need more variety and longer harvest from a limited space? The multiple-budded fruit tree is the answer! Multiple-budded ("Multi-budded") fruit trees will give you several fine selections of tree-ripened fruit from the space of a single tree. We offer 4 delicious apple varieties most suitably grown in Southern California with a low chill requirement.

1. Anna
2. Fuji
3. Dorsett Golden
4. Gordon
