

Self-Insured Schools of California (SISC) HIPAA Notice of Privacy Practices

Esta noticia es disponible en español si usted lo suplica. Por favor contacte el oficial de privacidad indicado a continuación.

Purpose of This Notice

This Notice describes how medical information about you may be used and disclosed and how you may get access to this information. Please review this information carefully.

This Notice is required by law.

The Self-Insured Schools of California (SISC) group health plan consisting of these self-funded benefits: medical PPO plan options including utilization management, prescription benefit management (PBM) and medical plan claims administration services, telemedicine program with MDLIVE, self-funded dental PPO plan options, self-funded vision PPO plan options, Wellness program, Medicare Supplement program, COBRA administration, and Health Flexible Spending Account (FSA) administration, (hereafter referred to as the "Plan"), is required by law to take reasonable steps to maintain the privacy of your personally identifiable health information (called **Protected Health Information or PHI**) and to inform you about the Plan's legal duties and privacy practices with respect to protected health information including:

1. The Plan's uses and disclosures of PHI,
2. Your rights to privacy with respect to your PHI,
3. The Plan's duties with respect to your PHI,
4. Your right to file a complaint with the Plan and with the Secretary of the U.S. Department of Health and Human Services (HHS), and
5. The person or office you should contact for further information about the Plan's privacy practices.
6. To notify affected individuals following a breach of unsecured protected health information.

PHI use and disclosure by the Plan is regulated by the Federal law, Health Insurance Portability and Accountability Act, commonly called HIPAA. You may find these rules in 45 *Code of Federal Regulations* Parts 160 and 164. This Notice attempts to summarize key points in the regulation. The regulations will supersede this Notice if there is any discrepancy between the information in this Notice and the regulations. The Plan will abide by the terms of the Notice currently in effect. The Plan reserves the right to change the terms of this Notice and to make the new Notice provisions effective for all PHI it maintains.

You may receive a Privacy Notice from a variety of the insured group health benefit plans offered by SISC. Each of these notices will describe your rights as it pertains to that plan and in compliance with the Federal regulation, HIPAA. This Privacy Notice however, pertains to your protected health information held by the SISC self-funded group health plan (the "Plan") and outside companies contracted with SISC to help administer Plan benefits, also called "business associates."

Effective Date

The effective date of this Notice is June 24, 2013, and this notice replaces notices previously distributed to you.

Privacy Officer

The Plan has designated a Privacy Officer to oversee the administration of privacy by the Plan and to receive complaints. The Privacy Officer may be contacted at:

Privacy Officer: Coordinator Health Benefits
Self-Insured Schools of California (SISC)
2000 "K" Street P.O. Box 1847 - Bakersfield, CA 93303-1847
Phone: 661-636-4410
Confidential Fax: 661-636-4893

Your Protected Health Information

The term “**Protected Health Information**” (**PHI**) includes all information related to your past, present or future health condition(s) that individually identifies you or could reasonably be used to identify you and is transferred to another entity or maintained by the Plan in oral, written, electronic or any other form.

PHI does not include health information contained in employment records held by your employer in its role as an employer, including but not limited to health information on disability, work-related illness/injury, sick leave, Family or Medical Leave (FMLA), life insurance, dependent care flexible spending account, drug testing, etc.

This Notice does not apply to information that has been de-identified. **De-identified information** is information that does not identify you, and with respect to which there is no reasonable basis to believe that the information can be used to identify you, is not individually identifiable health information.

When the Plan May Disclose Your PHI

Under the law, the Plan may disclose your PHI without your written authorization in the following cases:

- **At your request.** If you request it, the Plan is required to give you access to your PHI in order to inspect it and copy it.
- **As required by an agency of the government.** The Secretary of the Department of Health and Human Services may require the disclosure of your PHI to investigate or determine the Plan’s compliance with the privacy regulations.
- **For treatment, payment or health care operations.** The Plan and its business associates will use your PHI (except psychotherapy notes in certain instances as described below) without your consent, authorization or opportunity to agree or object in order to carry out treatment, payment, or health care operations.

The Plan does not need your consent or authorization to release your PHI when you request it, a government agency requires it, or the Plan uses it for treatment, payment or health care operations.

The Plan Sponsor has **amended its Plan documents** to protect your PHI as required by Federal law. The Plan may disclose PHI to the Plan Sponsor for purposes of treatment, payment and health care operations in accordance with the Plan amendment. The Plan may disclose PHI to the Plan Sponsor for review of your appeal of a benefit or for other reasons related to the administration of the Plan.

Definitions and Examples of Treatment, Payment and Health Care Operations	
Treatment is health care.	Treatment is the provision, coordination or management of health care and related services. It also includes but is not limited to coordination of benefits with a third party and consultations and referrals between one or more of your health care providers. <ul style="list-style-type: none"> • For example: The Plan discloses to a treating specialist the name of your treating primary care physician so the two can confer regarding your treatment plan.
Payment is paying claims for health care and related activities.	Payment includes but is not limited to making payment for the provision of health care, determination of eligibility, claims management, and utilization review activities such as the assessment of medical necessity and appropriateness of care. <ul style="list-style-type: none"> • For example: The Plan tells your doctor whether you are eligible for coverage or what percentage of the bill will be paid by the Plan. If we contract with third parties to help us with payment, such as a claims payer, we will disclose pertinent information to them. These third parties are known as “business associates.”
Health Care Operations keep the Plan operating soundly.	Health care operations includes but is not limited to quality assessment and improvement, patient safety activities, business planning and development, reviewing competence or qualifications of health care professionals, underwriting, enrollment, premium rating and other insurance activities relating to creating or renewing insurance contracts. It also includes disease management, case management, conducting or arranging for medical review, legal services and auditing functions including fraud and abuse compliance programs and general administrative activities. <ul style="list-style-type: none"> • For example: The Plan uses information about your medical claims to refer you to a disease management program, to project future benefit costs or to audit the accuracy of its claims processing functions.

When the Disclosure of Your PHI Requires Your Written Authorization

Generally, the Plan will require that you sign a valid authorization form in order to use or disclose your PHI **other than**:

- When you request your own PHI
- A government agency requires it, or

- The Plan uses it for treatment, payment or health care operation.

You have the right to revoke an authorization.

Although the Plan does not routinely obtain psychotherapy notes, generally, an authorization will be required by the Plan before the Plan will use or disclose psychotherapy notes about you. Psychotherapy notes are separately filed notes about your conversations with your mental health professional during a counseling session. They do not include summary information about your mental health treatment. However, the Plan may use and disclose such notes when needed by the Plan to defend itself against litigation filed by you.

The Plan generally will require an authorization form for uses and disclosure of your PHI for marketing purposes (a communication that encourages you to purchase or use a product or service) if the Plan receives direct or indirect financial remuneration (payment) from the entity whose product or service is being marketed. The Plan generally will require an authorization form for the sale of protected health information if the Plan receives direct or indirect financial remuneration (payment) from the entity to whom the PHI is sold. The Plan does not intend to engage in fundraising activities.

Use or Disclosure of Your PHI Where You Will Be Given an Opportunity to Agree or Disagree Before the Use or Release

Disclosure of your PHI to family members, other relatives and your close personal friends without your written consent or authorization is allowed if:

- The information is directly relevant to the family or friend's involvement with your care or payment for that care, and
- You have either agreed to the disclosure or have been given an opportunity to object and have not objected.

Note that PHI obtained by the Plan Sponsor's employees through Plan administration activities will NOT be used for employment related decisions.

Use or Disclosure of Your PHI Where Consent, Authorization or Opportunity to Object Is Not Required

In general, the Plan does not need your written authorization to release your PHI if required by law or for public health and safety purposes. The Plan and its Business Associates are allowed to use and disclose your PHI **without** your written authorization (in compliance with section 164.512) under the following circumstances:

1. When ***required by law***.
2. When permitted for ***purposes of public health activities***. This includes reporting product defects, permitting product recalls and conducting post-marketing surveillance. PHI may also be used or disclosed if you have been exposed to a communicable disease or are at risk of spreading a disease or condition, if authorized by law.
3. To a school about an individual who is a student or prospective student of the school if the protected health information this is disclosed is limited to **proof of immunization**, the school is required by State or other law to have such proof of immunization prior to admitting the individual and the covered entity obtains and documents the agreements to this disclosure from either a parent, guardian or other person acting in loco parentis of the individual, if the individual is an unemancipated minor; or the individual, if the individual is an adult or emancipated.
4. When authorized by law to report information about ***abuse, neglect or domestic violence*** to public authorities if a reasonable belief exists that you may be a victim of abuse, neglect or domestic violence. In such case, the Plan will promptly inform you that such a disclosure has been or will be made unless that notice would cause a risk of serious harm. For the purpose of reporting child abuse or neglect, it is not necessary to inform the minor that such a disclosure has been or will be made. Disclosure may generally be made to the minor's parents or other representatives, although there may be circumstances under Federal or state law when the parents or other representatives may not be given access to the minor's PHI.
5. To a public health oversight agency for ***oversight activities authorized by law***. These activities include civil, administrative or criminal investigations, inspections, licensure or disciplinary actions (for example, to investigate complaints against providers) and other activities necessary for appropriate oversight of government benefit programs (for example, to investigate Medicare or Medicaid fraud).
6. When required ***for judicial or administrative proceedings***. For example, your PHI may be disclosed in response to a subpoena or discovery request, provided certain conditions are met, including that:
 - the requesting party must give the Plan satisfactory assurances a good faith attempt has been made to provide you with written Notice, and

- the Notice provided sufficient information about the proceeding to permit you to raise an objection, and
 - no objections were raised or were resolved in favor of disclosure by the court or tribunal.
7. When required for **law enforcement health purposes** (for example, to report certain types of wounds).
 8. For **law enforcement purposes** if the law enforcement official represents that the information is not intended to be used against the individual, the immediate law enforcement activity would be materially and adversely affected by waiting to obtain the individual's agreement and the Plan in its best judgment determines that disclosure is in the best interest of the individual. Law enforcement purposes include:
 - identifying or locating a suspect, fugitive, material witness or missing person, and
 - disclosing information about an individual who is or is suspected to be a victim of a crime.
 9. When required to be given **to a coroner or medical examiner** to identify a deceased person, determine a cause of death or other authorized duties. When required to be given **to funeral directors** to carry out their duties with respect to the decedent; for use and disclosures for cadaveric **organ, eye or tissue donation** purposes.
 10. For **research**, subject to certain conditions.
 11. When, consistent with applicable law and standards of ethical conduct, the Plan in good faith believes the use or disclosure is necessary to prevent or lessen a serious and **imminent threat to the health or safety** of a person or the public and the disclosure is to a person reasonably able to prevent or lessen the threat, including the target of the threat.
 12. When authorized by and to the extent necessary to comply with **workers' compensation** or other similar programs established by law.
 13. When required, for **specialized government functions**, to military authorities under certain circumstances, or to authorized Federal officials for lawful intelligence, counter intelligence and other national security activities.

Any other Plan uses and disclosures not described in this Notice will be made only if you provide the Plan with written authorization, subject to your right to revoke your authorization, and information used and disclosed will be made in compliance with the minimum necessary standards of the regulation.

Your Individual Privacy Rights

A. You May Request Restrictions on PHI Uses and Disclosures

You may request the Plan to restrict the uses and disclosures of your PHI:

- To carry out treatment, payment or health care operations, or
- To family members, relatives, friends or other persons identified by you who are involved in your care.

The Plan, however, is not required to agree to your request if the Plan Administrator or Privacy Officer determines it to be unreasonable, for example, if it would interfere with the Plan's ability to pay a claim.

The Plan will accommodate an individual's reasonable request to receive communications of PHI by alternative means or at alternative locations where the request includes a statement that disclosure could endanger the individual. You or your personal representative will be required to complete a form to request restrictions on the uses and disclosures of your PHI. To make such a request contact the Privacy Officer at their address listed on the first page of this Notice.

B. You May Inspect and Copy Your PHI

You have the right to inspect and obtain a copy (in hard copy or electronic form) of your PHI (except psychotherapy notes and information compiled in reasonable contemplation of an administrative action or proceeding) contained in a "designated record set," for as long as the Plan maintains the PHI. You may request your hard copy or electronic information in a format that is convenient for you, and the Plan will honor that request to the extent possible. You may also request a summary of your PHI.

A **Designated Record Set** includes your medical records and billing records that are maintained by or for a covered health care provider. Records include enrollment, payment, billing, claims adjudication and case or medical management record systems maintained by or for a health plan or other information used in whole or in part by or for the covered entity to make decisions about you. Information used for quality control or peer review analyses and not used to make decisions about you is not included in the designated record set.

The Plan must provide the requested information within 30 days of its receipt of the request, if the information is maintained onsite or within 60 days if the information is maintained offsite. A single 30-day extension is allowed if the Plan is unable to comply with the deadline and notifies you in writing in advance of the reasons for the delay and the date by which the Plan will provide the requested information.

You or your personal representative will be required to complete a form to request access to the PHI in your Designated Record Set. Requests for access to your PHI should be made to the Plan's Privacy Officer at their address listed on the first page of this Notice. You may be charged a reasonable cost-based fee for creating or copying the PHI or preparing a summary of your PHI.

If access is denied, you or your personal representative will be provided with a written denial describing the basis for the denial, a description of how you may exercise those review rights and a description of how you may complain to the Plan's Privacy Officer or the Secretary of the U.S. Department of Health and Human Services.

C. *You Have the Right to Amend Your PHI*

You or your Personal Representative have the right to request that the Plan amend your PHI or a record about you in a designated record set for as long as the PHI is maintained in the designated record set. The Plan has 60 days after receiving your request to act on it. The Plan is allowed a single 30-day extension if the Plan is unable to comply with the 60-day deadline (provided that the Plan notifies you in writing in advance of the reasons for the delay and the date by which the Plan will provide the requested information).

If the Plan denied your request in whole or part, the Plan must provide you with a written denial that explains the basis for the decision. You or your personal representative may then submit a written statement disagreeing with the denial and have that statement included with any future disclosures of your PHI. You should make your request to amend PHI to the Privacy Officer at their address listed on the first page of this Notice.

You or your personal representative may be required to complete a form to request amendment of your PHI. Forms are available from the Privacy Officer at their address listed on the first page of this Notice.

D. *You Have the Right to Receive an Accounting of the Plan's PHI Disclosures*

At your request, the Plan will also provide you with an accounting of disclosures by the Plan of your PHI during the six years (or shorter period if requested) before the date of your request. The Plan will not provide you with an accounting of disclosures related to treatment, payment, or health care operations, or disclosures made to you or authorized by you in writing. The Plan has 60 days after its receipt of your request to provide the accounting. The Plan is allowed an additional 30 days if the Plan gives you a written statement of the reasons for the delay and the date by which the accounting will be provided. If you request more than one accounting within a 12-month period, the Plan will charge a reasonable, cost-based fee for each subsequent accounting.

E. *You have the Right to Request that PHI be Transmitted to You Confidentially*

The Plan will permit and accommodate your reasonable request to have PHI sent to you by alternative means or to an alternative location (such as mailing PHI to a different address or allowing you to personally pick up the PHI that would otherwise be mailed), if you provide a written request to the Plan that the disclosure of PHI to your usual location could endanger you. If you believe you have this situation, you should contact the Plan's Privacy Officer to discuss your request for confidential PHI transmission.

F. *You Have the Right to Receive a Paper or Electronic Copy of This Notice Upon Request*

To obtain a paper or electronic copy of this Notice, contact the Plan's Privacy Officer at their address listed on the first page of this Notice. This right applies even if you have agreed to receive the Notice electronically.

G. *Breach Notification*

If a breach of your unsecured protected health information occurs, the Plan will notify you.

Your Personal Representative

You may exercise your rights to your protected health information (PHI) by designating a person to act as your Personal Representative. Your Personal Representative will generally be required to produce evidence (proof) of the authority to act on your behalf **before** the Personal Representative will be given access to your PHI or be allowed to take any action for you. Under this Plan, proof of such authority will include (1) a completed, signed and approved Appoint a Personal Representative form; (2) a notarized power of attorney for health care purposes; (3) a court-appointed conservator or guardian; or, (4) for a Spouse under this Plan, the absence of a Revoke a Personal Representative form on file with the Privacy Officer.

This Plan will automatically recognize your legal Spouse as your Personal Representative and vice versa, without you having to complete a form to Appoint a Personal Representative. However, you may request that the Plan **not automatically** honor your legal Spouse as your Personal Representative by completing a form to Revoke a Personal Representative (copy attached to this notice or also available from the Privacy Officer). **If you wish to revoke your Spouse as your Personal Representative, please complete the Revoke a Personal Representative form and return it to the Privacy Officer and this will mean that this Plan will NOT automatically recognize your Spouse as your Personal Representative and vice versa.**

The recognition of your Spouse as your Personal Representative (and vice versa) is for the use and disclosure of PHI under this Plan and is not intended to expand such designation beyond what is necessary for this Plan to comply with HIPAA privacy regulations.

You may obtain a form to Appoint a Personal Representative or Revoke a Personal Representative by contacting the Privacy Officer at their address listed on this Notice. The Plan retains discretion to deny access to your PHI to a Personal Representative to provide protection to those vulnerable people who depend on others to exercise their rights under these rules and who may be subject to abuse or neglect.

Because HIPAA regulations give adults certain rights and generally children age 18 and older are adults, if you have **dependent children age 18 and older** covered under the Plan, and the child wants you, as the parent(s), to be able to access their protected health information (PHI), that child will need to complete a form to Appoint a Personal Representative to designate you (the employee/retiree) and/or your Spouse as their Personal Representatives.

The Plan will consider a parent, guardian, or other person acting *in loco parentis* as the Personal Representative of an unemancipated minor (a child generally under age 18) unless the applicable law requires otherwise. **In loco parentis** may be further defined by state law, but in general it refers to a person who has been treated as a parent by the child and who has formed a meaningful parental relationship with the child for a substantial period of time. Spouses and unemancipated minors may, however, request that the Plan restrict PHI that goes to family members as described above under the section titled "Your Individual Privacy Rights."

The Plan's Duties

The Plan is required by law to maintain the privacy of your PHI and to provide you and your eligible dependents with Notice of its legal duties and privacy practices. The Plan is required to comply with the terms of this Notice. However, the Plan reserves the right to change its privacy practices and the terms of this Notice and to apply the changes to any PHI maintained by the Plan. In addition, the Plan may not (and does not) use your genetic information that is PHI for underwriting purposes.

Notice Distribution: The Notice will be provided to each person when they initially enroll for benefits in the Plan (the Notice is provided in the Plan's Initial Enrollment material/packets). The Notice is also available on the Plan's website: www.sisc.kern.org. The Notice will also be provided upon request. Once every three years the Plan will notify the individuals then covered by the Plan where to obtain a copy of the Notice. This Plan will satisfy the requirements of the HIPAA regulation by providing the Notice to the named insured (covered employee) of the Plan; however, you are encouraged to share this Notice with other family members covered under the Plan.

Notice Revisions: If a privacy practice of this Plan is changed affecting this Notice, a revised version of this Notice will be provided to you and all participants covered by the Plan at the time of the change. Any revised version of the Notice will be distributed within 60 days of the effective date of a material change to the uses and disclosures of PHI, your individual rights, the duties of the Plan or other privacy practices stated in this Notice. Material changes are changes to the uses and disclosures of PHI, an individual's rights, the duties of the Plan or other privacy practices stated in the Privacy Notice.

Because our health plan posts its Notice on its web site, we will prominently post the revised Notice on that web site by the effective date of the material change to the Notice. We will also provide the revised notice, or information about the material change and how to obtain the revised Notice, in our next annual mailing to individuals covered by the Plan.

Disclosing Only the Minimum Necessary Protected Health Information

When using or disclosing PHI or when requesting PHI from another covered entity, the Plan will make reasonable efforts not to use, disclose or request more than the minimum amount of PHI necessary to accomplish the intended purpose of the use, disclosure or request, taking into consideration practical and technological limitations. However, the minimum necessary standard will not apply in the following situations:

- Disclosures to or requests by a health care provider for treatment,
- Uses or disclosures made to you,
- Disclosures made to the Secretary of the U.S. Department of Health and Human Services in accordance with their enforcement activities under HIPAA,
- Uses or disclosures required by law, and
- Uses or disclosures required for the Plan's compliance with the HIPAA privacy regulations.

This Notice does not apply to information that has been de-identified. **De-identified information** is information that does not identify you and there is no reasonable basis to believe that the information can be used to identify you.

As described in the amended Plan document, the Plan may share PHI with the Plan Sponsor for limited administrative purposes, such as determining claims and appeals, performing quality assurance functions and auditing and monitoring the Plan. The Plan shares the minimum information necessary to accomplish these purposes.

In addition, the Plan may use or disclose “summary health information” to the Plan Sponsor for obtaining premium bids or modifying, amending or terminating the group health Plan. **Summary health information** means information that summarizes claims history, claims expenses or type of claims experienced by individuals for whom the Plan Sponsor has provided health benefits under a group health plan. Identifying information will be deleted from summary health information, in accordance with HIPAA.

Your Right to File a Complaint

If you believe that your privacy rights have been violated, you may file a complaint with the Plan in care of the Plan’s Privacy Officer, at the address listed on the first page of this Notice. Neither your employer nor the Plan will retaliate against you for filing a complaint.

You may also file a complaint (within 180 days of the date you know or should have known about an act or omission) with the Secretary of the U.S. Department of Health and Human Services by contacting their nearest office as listed in your telephone directory or at this website (<http://www.hhs.gov/ocr/office/about/rgn-hqaddresses.html>) or this website: <http://www.hhs.gov/ocr/privacy/hipaa/complaints/index.html> or contact the Privacy Officer for more information about how to file a complaint.

If You Need More Information

If you have any questions regarding this Notice or the subjects addressed in it, you may contact the Plan’s Privacy Officer at the address listed on the first page of this Notice.

Annual Notice: Women’s Health and Cancer Rights Act (WHCRA)

Your group health plan, as required by the Women’s Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema).

NOTICE OF PRIVACY PRACTICES
FOR THE USE AND DISCLOSURE OF PRIVATE HEALTH INFORMATION
THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND
DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT
CAREFULLY.

Effective Date: April 3, 2006

Anyone has the right to ask for a paper copy of this Notice at any time.

Q. Why are you providing this Notice to me?

A. The SISC Health Benefits Plan is required by federal law, the Health Insurance Portability and Accountability Act (HIPAA), to make sure that your Protected Health Information (PHI) is kept private. This law applies to the health benefits offered through SISC, including SISC Flex, the Health Reimbursement Arrangements (SISC HRA) and the Health Savings Account (SISC HSA). We must give you this Notice of our legal duties and Privacy Practices with respect to your PHI. We are also required to follow the terms of the Notice that is currently in effect. PHI includes information that we have created or received about your past, present, or future health or medical condition that could be used to identify you. It also includes information about medical treatment you have received and about payment for health care you have received. We are required to tell you how, when, and why we use and/or share your Protected Health Information (PHI).

Q. How and when can you use or disclose my PHI?

A. HIPAA and other laws allow or require us to use or disclose your PHI for many different reasons. We can use or disclose your PHI for some reasons without your written agreement. For other reasons, we need you to agree in writing that we can use or disclose your PHI. We describe in this Notice the reasons we may use your PHI without getting your permission. Not every use or disclosure is listed, but the ways we can use and disclose information fall within one of the descriptions below.

So you can receive treatment. We may use and disclose your PHI to those who provide you with health care services or who are involved in your care. These people may be doctors, nurses, and other health care professionals. For example, if you are being treated for a knee injury, we may give your PHI to the people providing your physical therapy. We may also use your PHI so that health care can be offered or provided to you by a home health agency.

To get payment for your treatment. We may use and disclose your PHI in order to bill and get paid for treatment and services you receive. For example, we may give parts of your PHI to our billing or claims department or others who do these things for us. They can use it to make sure your health care providers are paid correctly for the health care services you received under a health plan.

To operate our business. We may use and disclose your PHI in order to administer our health plans. For example, we may use your PHI in order to review and improve the quality of health care services you receive. We may also provide your PHI to our accountants, attorneys, consultants, and others in order to make sure we are obeying the laws that affect us. Another time when we may provide PHI to other organizations is when we ask them to tell us about the quality of our health plans and how we operate our business. Before we share PHI with other organizations, they must agree to keep your PHI private.

To meet legal requirements. We share PHI with government or law enforcement agencies when federal, state, or local laws require us to do so. We also share PHI when we are required to in a court or other legal proceeding. For example, if a law says we must report private information about people who have been abused, neglected, or are victims of domestic violence, we share PHI.

To report public health activities. We share PHI with government officials in charge of collecting certain public health information. For example, we may share PHI about births, deaths, and some diseases. We may provide coroners, medical examiners, and funeral directors information that relates to a person's death.

For health oversight activities. We may share PHI if a government agency is investigating or inspecting a health care provider or organization.

For purposes of organ donation. Even though the law permits it, we do not share PHI with organizations that help find organs, eyes, and tissue to be donated or transplanted.

For research purposes. We do not use or disclose your PHI in order to conduct medical research.

To avoid harm. In order to avoid a serious threat to the health or safety of a person or the public, we may provide PHI to law enforcement or people who may be able to stop or lessen the harm.

For specific government functions. We may share PHI for national security reasons. For example, we may share PHI to protect the president of the United States. In some situations, we may share the PHI of veterans and people in the military when required by law.

For workers' compensation purposes. We may share PHI to obey workers' compensation laws.

For information about health-related benefits or services. We may use PHI to give you information about other health care treatment services, or benefits.

A plan amendment has been adopted to protect your PHI as required by law. The plan amendment allows PHI to be shared with the plan sponsor (SISC III Board of Directors) for purposes of treatment, payment, health care operations and for other reasons related to the administration of the SISC Health Benefits Plan.

Other Uses and Disclosures Require Your Prior Written Agreement. In other situations, we will ask for your written permission before we use or disclose your PHI. You may decide later that you no longer want to agree to a certain use of your PHI for which we received your permission. If so, you may tell us that in writing. We will then stop using your PHI for that certain situation. However, we may have already used your PHI. If we had your permission to use your PHI when we used it, you cannot take back your agreement for those past situations.

Q. Will you give my PHI to my family, friends, or others?

A. We may share medical information about you with a friend or family member who is involved in or who helps pay for your medical care when you are present. For example, if one of our home health nurses or case manager's visits you at your home or in the hospital and your mother is with you, we may discuss your PHI with you in front of her. We will not discuss your PHI with you when others are present if you tell us not to.

In order to enroll you in a health plan, we may share limited PHI with your employer or other organizations that help pay for your membership in the plan. However, if your employer or another organization that pays for your membership asks for specific PHI about you, we will get your permission before we disclose your PHI to them.

There may be a situation in which you are not present or you are unable to make health care decisions for yourself. Then we may use or share your PHI if professional judgment says that doing so is in your best interests. For example, if you are unconscious and a friend is with you, we may share your PHI with your friend so you can receive care.

Q. What are my rights with respect to my PHI?

A. You have the right to ask that we limit how we use and give out your PHI. You also have the right to request a limit on the PHI we give to someone who is involved in your care or helping pay for your care, like a family member or friend. For example, you could ask that we not use or disclose information about a treatment you had. We will consider your request. However, we are not required to agree to the request. If we accept your request, we will put any limits in writing. We will honor these limits except in emergency situations. You may not limit the ways we use and disclose PHI when we are required to make the use or disclosure.

You have the right to ask that we send your PHI to you at an address of your choice or to communicate with you in a certain way if you tell us that this is necessary to protect you from danger. You must tell us in writing what you want and that the reason is you could be put in danger if we do not meet your request. For example, you may ask us to send PHI to your work address instead of your home address. You may ask that we send your PHI by e-mail rather than regular mail.

You have the right to look at or get copies of your PHI that we have. You must make that request in writing. You can get a form to request copies or look at your PHI by calling the SISC Privacy Officer. If we do not have your PHI, we will tell you how you may be able to get it. We will respond to you within 30 days after we receive your written request. In certain situations, we may deny your request. If we do, we will tell you, in writing, the reasons we are denying your request. We will also explain your right to have our denial reviewed.

If you ask for a copy of your PHI, we will charge you a reasonable fee based on the cost of copying and postage. We can send you your PHI, or if you request, we may send you a summary or general explanation of your PHI if you agree to the cost of preparing and sending it.

You have the right to get a list of instances in which we have given out your PHI. The list will not include: a) disclosures we made so you could get treatment; b) disclosures we made so we could receive payment for your treatment; c) disclosures we made in order to operate the Plan; d) disclosures made directly to you or to people you designated; e) disclosures made for national security purposes f) disclosures made to corrections or law enforcement personnel; g) disclosures we made before we sent you this Notice; or h) disclosures we made when we had your written permission.

We will respond within 60 days of receiving your written request. The list we give you can only include disclosures made after April 14, 2003, the date this Notice became effective. We cannot provide you a list of disclosures made before this date. You may request a list of disclosures made the six years (or fewer) preceding the date of your request. The list will include a) the date of the disclosure; b) the person to whom PHI was disclosed (including their address, if known); c) a description of the information disclosed; and d) the reason for the disclosure. We will give you one list of disclosures per year for free. If you ask for another list in the same year, we will send you one if you agree to pay the reasonable fee we will charge for the additional list.

You have the right to ask us to correct your PHI or add missing information if you think there is a mistake in your PHI. You must send us your request in writing and give the reason for your request. You can get a form for making your request by calling the SISC Privacy Officer. We will respond within 60 days of receiving your written request. If we approve your request, we will make the change to your PHI. We will tell you that we have made the change. We will also tell others who need to know about the change to your PHI.

We may deny your request if your PHI is a) correct and complete, b) not created by us, c) not allowed to be disclosed, or d) not part of our records. If we deny your request, we will tell you the reasons in writing. Our written denial will also explain your right to file a written statement of disagreement. You have the right to ask that your written request, our written denial, and your statement of disagreement be attached to your PHI anytime we give it out in the future.

Q. How may I complain about your Privacy Practices?

A. If you think that we may have violated your Privacy rights, you may send your written complaint to the address shown at the bottom of this notice. You also may make a complaint to the Secretary of the Department of Health and Human Services. You will not be penalized for filing a complaint about our Privacy Practices.

Q. How will I know if my rights described in this Notice change?

A. We reserve the right to change the terms of this Notice and our Privacy Policies at any time. Then the new Notice will apply to all your PHI. If we change this Notice, we will put the new Notice on our website at and mail a copy of the new Notice to our subscribers (but not to dependents).

Q. Who should I contact to get more information or to get a copy of this Notice?

A. For more information about your Privacy rights described in this notice, or if you want another copy of the Notice, please visit our website where you can download the Notice. You may also write us at Self-Insured Schools of California, 2000 K Street, Bakersfield, CA 93301. Further information may also be obtained by calling SISC's Privacy Officer at (661) 636-4887.

ANNUAL NOTICE: Women's Health and Cancer Rights Act (WHCRA)

Your Plan is required to provide you annually with the following notice, which applies to breast cancer patients who elect to have reconstructive surgery in connection with a mastectomy.

Under federal law, group health plans, insurers, and HMOs that provide medical and surgical benefits in connection with a mastectomy must provide benefits for reconstructive surgery, in a manner determined in consultation with the attending physician and the patient, for:

- reconstruction of the breast on which the mastectomy was performed;
- surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- prostheses and treatment of physical complications at all stages of the mastectomy, including lymphedemas.

This coverage is subject to a plan's deductibles, coinsurance or copayment provisions.

If you have any questions about whether your plan covers mastectomies or reconstructive surgery, please contact your Plan Administrator.
