- OPEB is submitted in the annual report but not in the 311 report. OPEB is funded at 58%.

			<ul style="list-style-type: none"> • They ask for the cash position: 420 million includes all bonds and all other funds. • Other information - FTES: 32,912 students, 21/22, sometimes this has to be changed since the numbers fluctuate, even though we have already reported this. • If you want more information you can look at 3D, it will be posted on Monday. It is very detailed. • The campus ISER review process is currently on going.
5.	Outcomes in Unit PIES	2:00	<ul style="list-style-type: none"> • PIES are available throughout the ISER report. • 2A focuses on program review. • Reviewing unit PIES, we found a lot of inconsistency and confusion. It was incredibly varied across the unit PIES. • Student Services does not use SLOs in the same way that courses use SLOs. • We had difficulty finding the documentation for SLOs being used properly. • Can IEC assist with making sure that this is consistent? • There is a Small work group offering training on how to close the loop in PIE. • PIE is a comprehensive look at your goals and how you are reaching them. • We are working on more training. • Some believe the data should be embedded in the questions to be more easily accessible. • There is great foundation to meet the goal of making it more meaningful. • Do we need different templates for different groups? • Move PIE to 3-5 years instead of every year? • Maybe IEC would like to look at a sample of PIES in Nuventive. Student Services uses it differently than Instruction, etc. • Some schools don't do program review every year. • The PIE committee is currently in these discussions.
6.	Title V Data Coaching	2:15	<ul style="list-style-type: none"> • Year 2 of data coaching: Function #2 of IEC. • We have a goal in Title V and here at Mt. SAC.

• Year 3 Activities:

IEPI PRT Visit – March 16 th	2:25	<ul style="list-style-type: none"> • It was an incredible team helping us with outcomes. • They take all the feedback and celebrated a lot of the work we are doing. • They will come back in April and give us some more direction. • They will assist with a timeline for the work that needs to be done. • It was a sharing session. We are very appreciative of their guidance. • This was a really good vehicle for initiating these conversations. • We are so often in silos that we don't realize others are facing the same challenges.
