

Mt. SAC Strategic Plan 2017-21

College Goals

Mt. San Antonio College's Strategic Plan begins with a focus on our Mission Statement that includes (Guided) Pathways (for Success) and Equity. Our College Goals flow directly from the Mission statement. The Goals then flow into the Unit PIE (Planning for Institutional Effectiveness). This means that all work at the Unit PIE level is aligned with one or more College Goals. PIE is our program review process that allows us to evaluate our work and celebrate our successes and improve as needed. PIE includes all subject matter plans (e.g., Student Equity and Achievement Plan). Once a Unit completes their PIE, their Manager then compiles all their Units' PIEs and creates a Manager's PIE. The Manager's PIE is given to the Vice President. The Vice President compiles their PIE based on all their Managers' PIEs. The President also creates a PIE based on the President's Office work and of those Managers who report to the President. Within this structure, governance and operational committees report the work that they completed and its alignment to the College Goals. All work is ultimately aligned with College Goals. Based on the Vice President and President PIEs, an Annual Strategic Plan Report is created.

The Strategic Plan is written based on this work as well as the metrics that are tracked each year.
