Subject: A.S. Financial Directive Amendment

Date: 02/16/2022

**Whereas:** The purpose of this bill is to propose an amendment to the Associated Students' Financial Directive to reflect changes in procedures and policies. The A.S. Financial Directive has not been updated in a considerable amount of time, so it does not reflect current budgeting practices on the procedures.

**Whereas:** The revision of the Financial Directive allows us to evaluate and recommend practical changes to policies and procedures relating to overall resource allocation. This update will assist related policies and procedures for budget development and review the current budget process for effectiveness.

**Whereas:** The Financial Directive assists Associated Students to evaluate the internal budget using an ongoing and systematic cycle of evaluation, integrated planning, resource allocation, implementation, and re-evaluation. By ensuring that the budget formulation phases are clear and up-to-date, the revision of Financial Directive will provide with fiscal guidance and planning assumptions for allocating funds for activities more precisely. It allows Associated Students understand the procedures and policies, which help serve the student body.

**Whereas:** The revisions to the financial directive will provide more clarity and guidance on the budgeting process, ensuring that all applications are reviewed in a fair and consistent manner. These changes will help to streamline the application process and make it more accessible to students, ultimately resulting in a more effective and efficient allocation of funds to activities that benefit the student community.

**Therefore:** Be it resolved, that the A.S. Senate, the A.S. Executive Board, and the A.S. President approve A.S. Financial Directive Amendment.
